

LDWA KENT GROUP

THE HIGH WEALD CHALLENGE

THE ANDREDSWEALD CIRCUIT

Sunday 12th July 2009

REPORT

The day started with rain and we just hoped that it would clear up in time for our open air checkpoints. It did, and a good day's walking was enjoyed by all participants. The two routes were a variation on previous events and were well received, although one person commented that the longer route description could be shortened to "Go up, go down, go up, go down . . .". No apologies from me.

There were 134 entries which was the most we can remember for quite a while. 127 started, 93 completed the 26 mile route, 26 completed 14 miles and 5 took the short cut to complete 22.8 miles. Three retirements made up the total.

Many thanks as ever go to our marshals (made up of members and their friends and relatives). A marshals walk is always arranged for those who want to complete the event, and please think carefully because, without them, there would be no events. This year we had Joy Davies, Gordon Harker, Bryan and Pat Clarke, Pauline Barnett, Bob Field, Mike Pursey, Nick Dockree, Shirlie Gill, Keith Warman, Ivan Waghorn, Dave Sheldrake, Bill Gillbrand and Brian Buttifant.

LOST: 1 pair of ladies trainers.

FOUND: 2 bum bags (runners), 1 pair of sunglasses, 1 hat.

Please contact me about these, the route, or otherwise.

Hope to see you next year, in Wadhurst; please check *Strider* for details.

Many thanks, NEIL HIGHAM, Organiser
