

THE SEVENOAKS CIRCULAR WALKS - 2009

LDWA KENT GROUP

REPORT

After last year's awful conditions the weather this year was great and this gave us a good entry of 335. There were 298 starters on the three routes and 285 finished. Despite clashing with Mothers Day we again had superb support from our members and friends. The conditions and views made for a wonderful day's walking for many old friends and first timers, one entrant came from north Scotland. The route was substantially as last year with a change taking people to the ancient hill-fort of Oldbury Hill.

Many thanks to LDWA Norfolk & Suffolk for their co-operation by changing the date of their Daffodil Dawdle to accommodate the revised date of the Sevenoaks Circular.

Thanks once again to the many who worked hard to marshal the event, some for the whole day. Please consider helping the Kent Group stage their events. Marshals Walks take place shortly before the main event with certificates available.

We look forward to seeing you all again next March on a date to be confirmed in the December Strider.
